Tout les spots sont en classe énergétique A++.
Les lumens indiqués se réfèrent à la mesure du luminaire. Les schémas de branchement pour les spots sont disponibles sur demande ou sur notre site web (www.ledixa.com).

Ce catalogue annule et remplace tout les documents antérieurs. Pendant la période de validité du présent catalogue, nous nous réservons le droit d'apporter des modifications techniques et formelles à nos produits dans le souci de les améliorer. Les dessins, les cotes, les matériaux et les couleurs du présent catalogue sont purement à titre indicatif. Dans l'intérêt de la clientèle, LEDIXA LIGHTING se réserve le droit de modifier ou de supprimer à tout moment les modèles sans obligation de préavis.

LEDIXA LIGHTING offre une garantie de 5 ans sur ses produits présents dans ce catalogue. La garantie court à partir de la date de livraison (sans obligation d'enregistrement). Les produits doivent impérativement être installés avec des alimentations, des câblages et des accessoires LEDIXA LIGHTING, ou qui ont été approuvés par l'entreprise. L'utilisation d'accessoires non d'origine, ou non approuvés, entraîne la déchéance de toute garantie sur le produit.

La durée de vie des sources lumineuses à LED dépend essentiellement de la température ambiante. Il est vivement recommandé de ne pas installer les produits à proximité de sources de chaleur telle que des chaudières, des tubes de chauffage, etc. Il est par ailleurs dangereux pour la source lumineuse d'actionner les appareils lorsqu'ils sont exposés au rayonnement direct du soleil.
